Retrospective

Main Criteria

- Has the retrospective identified genuine problems with the team's policies and practices?
- What strategies has the team decided on to address any identified problems?
- Are those strategies likely to work?

What went well?	- Agile method helps in productivity of group projects. - Tasks were completed before the expected dateline. - Equal distribution of tasks during sprint.
What could have been done better?	- Required to set Goal for our sprint - Need an easier way to track time
What will we try to fix?	- Definition of done need to be more clear - Sprint goals need to be included in Trello - Left out velocity graph
